INTRODUCERE

Suprafețele păstrează urme. Gesturi, materie, lumină și timp — detalii care se descoperă treptat și care dau profunzime spațiilor în care trăim.

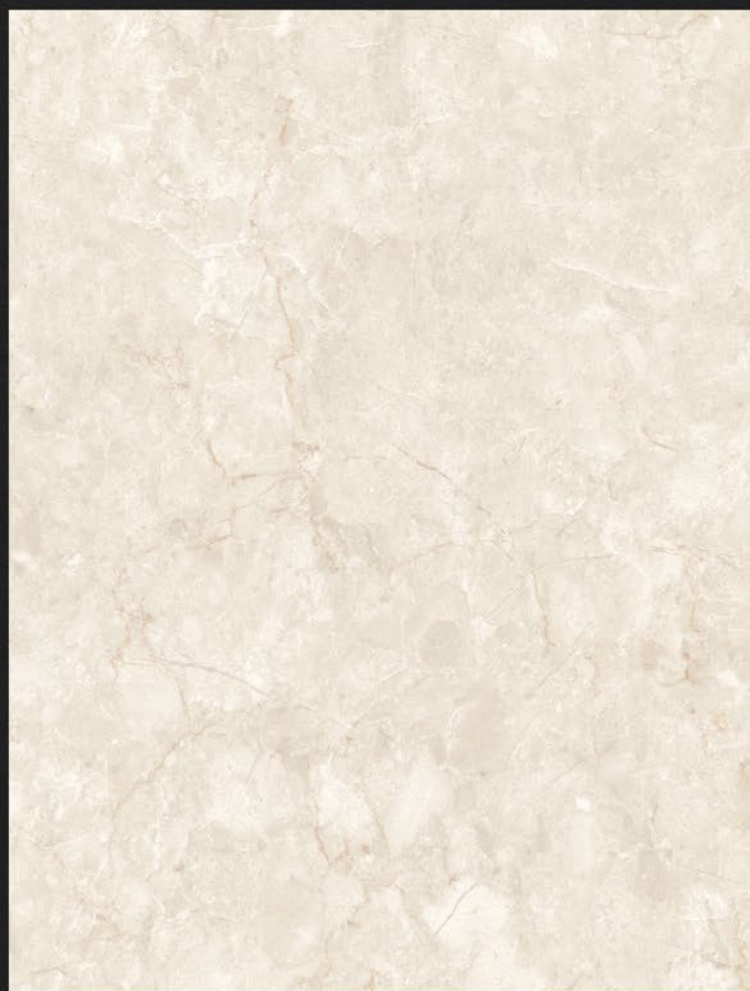

Colecția **TACTILE** explorează această dimensiune senzorială a designului, reunind texturi inspirate de piatră, tencuială, lemn și fibre naturale cu expresivitatea liberă a picturii. Tușe ample, transparențe delicate și compoziții ce evocă peisaje îndepărtate alternează cu structuri geometrice și suprafețe minerale, construind un univers vizual echilibrat între organic și contemporan.

Paleta colecției pornește de la tonuri luminoase de alabastru, nisip și calcar și evoluează către nuanțe calde de argilă, teracotă și lemn, completate de accente profunde și tonuri stinse, inspirate de pământ. Culoarea, textura și ritmul se suprapun subtil, oferind fiecărui design o prezență distinctă.
